- [SSL Protection](#)
- [QR Code](#)

Survey Title	Modified on	Created on	Owned by	Responses
Cafe Customer Satisfaction Survey	Jan 18, 2022	Jul 21, 2021	Dorothy Roberts	4
Healthcare Satisfaction Survey	Jan 18, 2022	Jan 14, 2020	Dorothy Roberts	103
Covid-19 Vaccination Registration Form	Jan 17, 2022	Jun 01, 2021	Dorothy Roberts	21
Quiz on World Countries	Jan 13, 2022	Jun 01, 2020	Juby Elsa Jacob	13
Covid-19 Vaccination Registration	Jan 12, 2022	Jan 12, 2022		

## To publish your survey:

1. Go to the *Launch* tab.
2. Click **Publish** in the *Publish* section.

3. Locate the survey's URL in the *Online* section.
4. You can use this URL to distribute your survey by either copying the web link and pasting it into an email message or by sharing the survey through social media websites such as Facebook, Twitter, LinkedIn, or Instagram.
5. Click **Access This Survey** to access the live form of the survey.

## Note

All responses will be anonymous by default unless you explicitly ask for your respondents' personal details. To identify the respondents, you should either set up [custom variables](#) prior to sending out the survey or send the survey via [email distribution](#).

## SSL Protection

All our surveys are SSL-protected. Secure Sockets Layer or SSL is a standard security protocol that is used to establish encrypted links between a web server and a browser in any online communication. This technology ensures that all the data that is being transmitted between the web server and browser remains encrypted.

# QR Code

## To make a QR code for your survey:

1. Click the *Launch* tab.
2. Click **QR code** on the left pane.
3. Click **Download**. The code will be downloaded to your device as a PNG file.
4. Add the QR code to your website. Users can scan the code with a mobile device and access the survey without any web URL.

## QR code

Mobile users can scan a QR code to reach your survey
