

Add bookmarked custom app

^ Table of contents

▸ Prerequisites

▸ Add bookmarked custom apps:

General Info: The Free plan allows you to add only up to 3 non-Zoho apps.

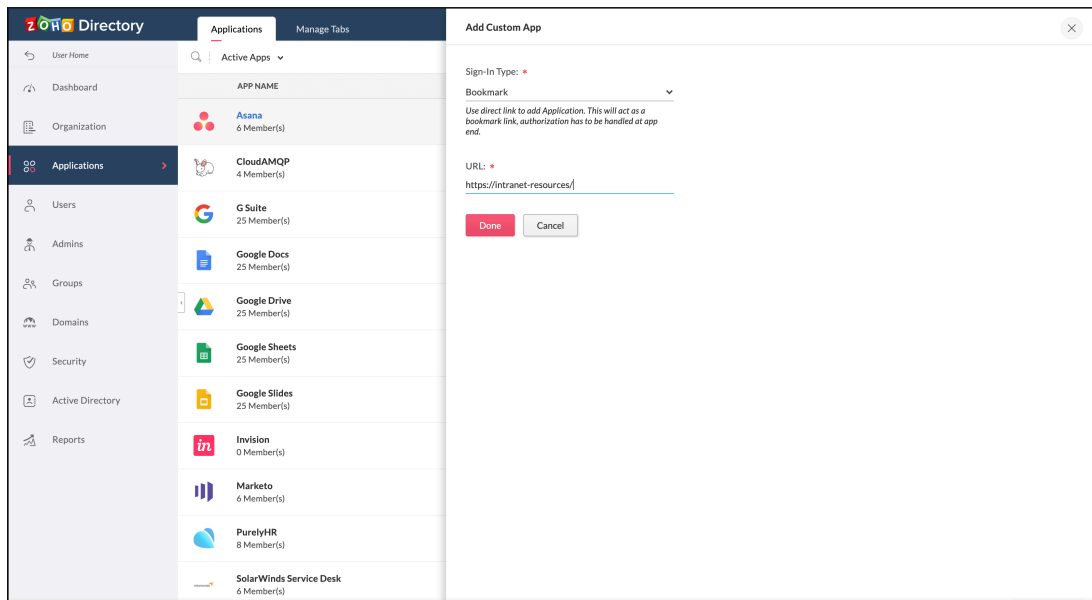

Prerequisites

Permissions required to perform this action:

- Add apps
- Assign apps

Add bookmarked custom apps:

1. Sign in to [Zoho Directory](#), then click **Admin Panel** in the left menu.
2. Go to **Applications**, click **Add Application**, then click **Create Custom App**.
3. Name the app and enter a description if needed.
4. Click **Select SSO mode**, then select **Bookmark**.
5. Enter the URL of the page under *URL*.

6. Click **Done**, then click **Create**.

7. Click **Manage App** to assign the app to users, **Open App** to access the app, or **OK** to continue adding apps.
